

Coastal Gutter Cleaning was struggling to acquire new customers when they approach clique.agency, having tried several ways of marketing their services. Nothing was working. They took full advantage of clique.agency's Google Ads + Landing Page + Conversion Rate Optimisation. Having a dedicated landing page for their paid traffic, it wasn't long before they saw a massive increase in results.

At the heart of these results was a massive 62.5% conversion rate. Meaning for every 10 people landing on their landing page, 6 were turning into leads.

Taking the influx of new leads, and scaling their ad spend up, we experienced a massive 7300% increase of their conversions. It wasn't long before Toby, the owner of Coastal Gutter Cleaning, was dominating the marketing in a previously competitive area. Beating out long-term players and enjoying the new-found freedom his business provided.

**"Getting customers before clique.agency was extremely difficult...
... In Terms of benefits that I've seen, it's the stress that's come off me
and the time management that I've been able to free up for myself...
